

As most of you are aware we will be hosting our fifth field tournament Oct 15, 2011. This is a major undertaking by the booster club. This is a huge fundraiser with all money going to the Ayala Band and Colorguard. But more importantly putting on a good tournament is vital to our future success in obtaining and sponsoring a show at Ayala in the future. Ayala BAC has a great reputation for doing everything first class. This reputation has been build over many years. We need to keep that reputation in tack and put on a field show tournament that will be remembered by all as a well organized and fun show.

Several of our alumni band boosters have volunteered to help out and I can not thank them enough. Their goal is to help and teach others how to do this work so that we always have trained boosters. We still need everyone's support. With less than 2 months remaining we have several opportunities for you to help us out. We will not have the band kids available to help us out so it will have to be run all parents. We need help in concessions, band staging, gates and several other areas. Please volunteer some time to this worth while event. Contact any of the captains for signup or information.

We also are seeking alumni who have graduated from the BAC program. These recently graduated alumni will be asked to help a visiting band and their Director get through the performance day here on our campus. Our Alumni's role is to be our Public Relations ambassador and help eliminate issues or help with concerns that arise. This is a great opportunity to represent our BAC program and help contribute to this event. If you are interested, please contact Karla Galvan.

We are seeking booster help with donations. If your company or contacts can offer the BAC any food items, drinks or water, or other products services to help reduce the cost of this event, we can use your help. No offer refused! We also are seeking corporate sponsors to donate the Caption Awards. These are awards given out to the top bands for Best Music, Best General Effect, Best Visual, Best Percussion and Best Auxiliary. Please call us if you have any leads.
